

WEBINAR ON Origin, Pathogenesis, Therapeutics and Vaccination of SARS-CoV-2

Sponsored By - **Lab India and Cytek Biosciences, USA**
& **SPT Labtech I Pvt Ltd, India**

ABOUT THE WEBINAR

We are living through an unprecedented time in our history as a society, since the COVID-19 pandemic has greatly impacted all our lives in every region of the world. The pandemic with its new strains of the SARS-CoV-2 virus has impelled us to take certain precautionary measures. There is a lot of propaganda circulating about this virus, its transmission, prevention and treatment. This webinar talks about everything you need to know about COVID-19 and the impact on people during and after COVID-19.

MONDAY
JUNE 28, 2021
